The NIH has implemented security
measures to help ensure the safety of
our patients, employees, guests and
facilities. All visitors must enter
through the NIH Gateway Center at
Metro or the West Gateway Visitor
Center. You will be asked to submit to
a vehicle or personal inspection.

Visitors over 15 years of age must
provide a form of government-issued
ID such as a driver's license or
passport. Visitors under 16 years of
age must be accompanied by an
adult.

Vehicle Inspections – All vehicles
and their contents will be inspected
upon entering the campus.
Additionally, all vehicles entering
certain parking areas will be
inspected, regardless of any prior
inspection. Drivers will be required to
present their driver's license and may
be asked to open the trunk and hood.
If you are physically unable to
perform this function, please inform
the inspector and they will assist you.

Vehicle inspection may consist of any
combination of the following:
Detection Dogs Teams (K-9),
Electronic Detection Devices and
Manual Inspection.

After inspection, you will be issued a
vehicle inspection pass. It must be
displayed on your vehicle's
dashboard while you are on campus.
The inspection pass is not a "parking
permit." It only grants your vehicle
access to enter the campus. You can
only park in designated parking
areas. (See campus map)

Personal Inspections – All visitors
should be prepared to submit to a
personal inspection prior to entering
the campus. These inspections may
be conducted with a handheld
monitoring device, a metal detector
and by visible inspection.
Additionally, your personal
belongings may be inspected and
passed through an x-ray machine.

Firearms, explosives, archery
equipment, dangerous weapons,
knives with blades over 2 1/2 inches,
alcoholic beverages and open
containers of alcohol are examples of
prohibited items on the NIH campus.

**Visitor passes must be
prominently displayed at all
times while on the NIH campus.**
