

“Fitness for You” April 2025 Virtual & In-Person Fitness

Descriptions: All levels are welcome!

Tuesday, April 1st

12:15pm Barre Sculpt with Charissa: Join us for Barre! A dual lengthening and strengthening class, it's the workout that promotes a longer and leaner look! Using a set of light weights, participants will engage in exercises for the total body, in repetitions of 8. A focus on posture and alignment will also be practiced. A mat is suggested; shoes are optional. All levels are welcome...don't miss it!

Wednesday, April 2nd

12:00pm Low-Impact Cardio with Ashley: Got cardio? Because the body is made to move, at least 30 minutes of consistent cardiovascular exercise is suggested daily. This low-impact, high intensity workout will consist of 30-second intervals of work followed by 10-second recovery intervals. Grab a fitness mat and join in!

Thursday, April 3rd

12:15pm Floor Stretch + Flow with Charissa: Got tightness, got pain? Meet on the floor and let's stretch! Techniques designed to decompress the back, and hamstrings will be performed amongst stretching other muscle groups. Breath control will be practiced increasing the effectiveness of each muscle and joint stretch. Commit and grab a fitness mat!

Friday, April 4th

6:00am Strong & Stable with Shannon: Be strong, be stable! Perform functional exercises with a focus on proper posture and alignment! Bone health is important to ease in daily movement and longevity. Commit to strength training to increase wellness of the bones! Participants will engage in repetition-based strengthening using light to heavy hand weights and a mat. It's a total body workout not to miss!

12:00pm Total Body Tabata with Ashley: Tune up the total body! Like a car, the body is made to move! Ignite the metabolism with continuous high intensity intervals of 20 seconds, followed by short, 10-second cycles of rest or recovery. Moderate to heavy dumbbells and a mat will be utilized.

Monday, April 7th

6:00am Body Weight HIIT with Shannon: It's all about body weight...no props! Using one's own body weight and a mat, participants will perform exercises in intervals of 30 seconds of work followed by 15-second cycles of recovery. It's an experience of self-discovery not to miss!

Tuesday, April 8th

12:15pm Treadmill Training with Charissa (In-Person Only) RKL II Rm. 220-B: Get fit...lets trek it! Achieve maximal fitness benefits in minimal time with interval training on the treadmill! Participants can expect a cardiovascular workout that will surely induce a sweat! Put on a comfortable cross-training shoe and commit!

1:00pm Ab Attack with Charissa: Abdominally strong? It's the ultimate test! For 4 cycles of 8 repetitions, prepare to move through low-impact, high-intensity abdominal exercises! The abs support the spine and can help prevent back pain. Because the abdominal muscles aid in mobility and stability, a strong center is integral to a strong body! Grab a mat and a set of light to moderate weights and join in!

Wednesday, April 9th

12:00pm Mobility Sculpt with Ashley: Be mobile, be strong! Morbidity has now been linked to mobility, as accidental falls are the 2nd leading cause of death globally! Move through strengthening exercises while remaining upright! In 45-second intervals of work followed by 15-second recovery cycles, prepare for 30-minutes of total body sculpting! Moderate to heavy hand weights suggested; all levels are welcome.

12:15pm Mat Pilates with Charissa (In-Person Only) Bldg.31 Rm. 1E04B: It's the ultimate mind-body connection! Pilates is designed to lengthen and strengthen the muscles with a focus on the center. Participants can expect to perform various exercises while executing control of the breath and body.

3:00pm Spring Forward and Boost Resilient: Non-Sleep Deep Rest with Allison: Celebrate the Spring sunshine and energize your body and mind by slowing down and boosting resilience with the practice of non-sleep deep rest (NSDR). NSDR is rooted in the ancient tradition of yoga nidra ("nidra" meaning sleep) and combines mindful breathing and body scanning to bring oneself into an aware, yet deeply relaxed state. Tuesday, April 15th

12:15pm Cycling Connections with Charissa (In-Person Only) RKL II Rm, 220-B: It's the high-intensity, low-impact workout for all weather conditions! Whether sand or hills, mud or headwinds, participants will train for any situation! Learn proper posture and hand positioning for any ride and perform like a pro! Interval-based challenges will be implored. Grab a co-worker and join the revolution!

1:00pm Lower Body Sculpt on the Floor with Charissa: Get stronger...below the belt! Whether the hips- which include the gluteal muscles and inner and outer thighs- or the hamstrings, calves or feet, nothing will be left untouched during this low-impact, high-intensity experience! Exercises will be performed in repetitions of 16. Participants will need a set of light to moderate dumbbells and a mat.

Wednesday, April 16th

12:00pm Leg Sculpt + Loop Bands with Ashley: Go low and go high! Strengthen the lower body by strengthening the legs, with high-intensity intervals! 45-second intervals of work will be performed, followed by 15-second recovery cycles. Loop bands add resistance and challenge lower body weakness. Grab a mat and some loop bands and get busy!

Thursday, April 17th

12:15pm Hips + Heart Opening Stretch with Charissa: The hips and heart are integral to movement! This 30-minute class is designed to leave participants with less stress and more self-love! Using a fitness mat, participants will be guided through various stretches for the health of the whole body. It's for all levels...get hip to it!

Friday, April 18th

6:00am Balance & Strength with Shannon: Be balanced, be strong! Conditions like sciatica exist due to imbalance of the body. Using light weights and a balance bar or chair, participants can expect to engage in various exercises that are designed to strengthen the muscles and joints. Repetition-based, focus on symmetry for total body wellness!

12:00pm Mobility Compound Strength with Ashley: Got strength? Compound it! Participants can expect to perform exercises for multiple muscle groups simultaneously, while remaining upright. Using moderate to heavy dumbbells, 45-second intervals of work followed by 15-second recovery intervals will be executed. It's a total body workout not to miss!

Monday, April 21st
