

**Walter Reed  
National Military  
Medical Center**

## **Occupational Medicine Clinic**

Building #85T, 2nd Floor  
Front Desk: (301) 295-0786  
Fax: (301) 295-0326  
Walter Reed National Military Medical Center  
8901 Wisconsin Ave., Bethesda, MD 20889-5600

In order to begin a rotation at Walter Reed National Military Medical Center, all students must complete a medical screening to be cleared medically by Occupational Health.

The required medical screenings are as follows:

- Review of medical history and immunizations
- 2-step Tuberculosis skin test (PPD) or single quantiferon blood test for students rotating in the hospital.
- Blood Test for immunity to measles, mumps, rubella, chicken pox, and hepatitis B; or proof of completed series, including tetanus/pertussis (DTAP or TDAP).

Initial all below statements:

\_\_\_\_\_ I understand that I must attend the medical screening appointment prior to my training start date.

\_\_\_\_\_ I understand that the WRNMMC Occupational Health Clinic is the final authority for medical clearance.

\_\_\_\_\_ I understand the risk and hereby agree to participate in the mandatory medical screening.

First and Last Name (Please Print): \_\_\_\_\_

Appointment Date and Time: \_\_\_\_\_

*\*Bring attached form with you to your medical screening.*

### **For Occupational Health Use Only**

I confirm the student above was seen at Occupational Health on the date specified above. Review of vaccination status has been completed and student IS / IS NOT (circle one) eligible to start training.
