

LABORATORY SAFETY PREPAREDNESS

Emergency and Fire:

Call Fire and Police

- On Main NIH Campus: Dial 911 from an office phone or 301-496-9911 from a cell phone
- Off Campus: Dial 9, then 911 from an office phone or 911 from a cell phone

Occupation Injuries and Illnesses:

- Report all injuries and illnesses to Occupational Medical Service (OMS)
- Monday – Friday 7:30am to 5:00pm Building 10, Room 6C306 (301-496-4411)
- If OMS is closed, call the Clinical Center Operator at 301-496-1211 and ask them to page an OMS physician

Human Pathogen and Recombinant DNA Registration:

Do you work with Biological material that should be registered?

- Contact your Safety Specialist 301-496-2346
- General information: <http://www.ors.od.nih.gov/sr/dohs/BioSafety/Pages/Registrations.aspx>
- Submit registrations through PI Dashboard: <http://www.healthrx.com/healthrx/home.aspx>

Safety Training:

Have you completed your annual Laboratory Safety required training?

- Annual Laboratory Safety training is mandatory for all laboratory research personnel
- Register for training at: <https://www.safetytraining.nih.gov/>

Odors and Floods:

- Unusual Odors should be considered a life safety emergency. Call 911 (NIH response) immediately
Off Campus: Dial 9, then 911 from an office phone or 911 from a cell phone
- Floods and other building emergencies: Contact the Office of Research Facilities at 301-435-8000

Safety Information and Programs:

Contact the Division of Occupational Health & Safety

- Building 13, Room 3K04 301-496-2346
- <http://www.ors.od.nih.gov/sr/dohs/Pages/default.aspx>
