Common questions for elder care coaches:

- I currently care from my elderly aunt. My patience is running low as she has become increasingly demanding and critical of me. I'm finding this to be frustrating and I'm already tired. What can I do?
- My loved one has dementia and cries a lot. They seem to always be scared and I don't know what to do.
- I care for my mother. She fires everyone that I hire to help me. What can I do?
